## Experience

**Medical laboratory technologist from Nov 2014– current**

Yekatit 12 hospital medical college | Addis Ababa, Ethiopia

- Processed patient specimens according to operating standards (SOPs).
- Recorded, reported and documented all test results.
- Maintained confidentiality of all patients' information.
- Handled specimens according to laboratory protocols to maximize accuracy of results.
- Reduced turnaround time on lab results by using working time efficiently
- Kept laboratory equipment clean and in good working order for optimal functionality
- Executed corrective actions when test controls were outside specified limits.
- Utilized expertise in microbiology, chemistry and hematology to help with diagnosis of medical issues.
- Kept the laboratory in compliance with all applicable guidelines and laws.
- Maintained strict aseptic fields when collecting biological samples minimizing infection risks
- Assisted with safe transfusion by conducting cell count tests and performing cross match.
- Analyzed body fluids with laboratory equipment and detected abnormalities related to disease state and acute injuries.
- Identified microorganisms in patient samples, cultivated strains and did susceptibility tests to support clinical diagnosis and treatment.
- Resolved problems, improved operations and provided exceptional service.
- Completed all paperwork, recording all discrepancies and addressing them in a timely fashion.
- Performed electronic data system management.

## Skills

- : Lab test analysis.....Excellent
- : Laboratory procedures.....Excellent
- : Specimen collection.....Excellent
- : Equipment calibration.....Excellent
- : Microscopic techniques.....Excellent
- : Data management.....Excellent
- : Verbal and oral communication.....Excellent
- : Troubleshooting.....Excellent
- : Excellent work ethics.....Excellent
- : Team work.....Excellent
- : Electronic data system management. Excellent

## Languages

	Speaking	Reading	Writing
Amharic	Excellent	Excellent	Excellent
Oromiffa	Excellent	Excellent	Excellent
English	Excellent	Excellent	Excellent

## Certification

- Basic training on diagnostic microbiology conducted from Oct 30 –Nov 03, 2017.
- Basic training on Genexpert conducted from Sept 06 to 09, 2015.
- Award for contribution for the laboratory improvement and gaining 4 star service quality evaluations.
- Two recommendations from the college I studied after graduation.
