‘Application for Position in Laboratory technician Maternity Cover’

I am writing my interest for the position in Medical Laboratory science professional. I would like to apply to your stemmed organization related with my current status and I strongly believe that I qualify for the required position; hence I am submitting this letter of application along with my Curriculum vitae for you.

So that if I will get the chance to join this, my educational level and talent provides me to perform the duties attached to it well. It is my profound pleasure and interest to work in specified fields responsible for leading the development of Medical Laboratory technology and other related work areas in your Organization. Getting the will give me an invaluable opportunity to apply my education and talent potential. I am very much ready to contribute my best skill in a manner that can serve as an input to increase the performance of the organization in general and to our specific work area in particular. I believe this will give you my area of interest.

There by attaching my CV and all other relevant documents that you might need so as to assessing ability of hope. I will work in your organization where I can help myself and improving the growth of your organization. I am available for interview at anytime and anywhere. Please, find enclosed a copy of my CV for more information.

I look forward to hearing from you.

Thank you in advance for considering my application

Yours sincerely,

Solomon Mesfin (BSc, MSc in Medical Laboratory) phone No+251-910-88-33-49/ +251-799-44-11-74
